EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 32-42 have been cancelled.

The Examiner notes that this amendment has been made even though Applicant originally traversed the restriction requirement, since in the most recent response Applicant only argues for allowance of claims 1-31 and 43-53.

REASONS FOR ALLOWANCE

Claims 1-31 and 43-53 are allowed.

The following is an examiner's statement of reasons for allowance:

The Examiner accepts Applicant's arguments set forth in the response filed 6 April 2006. Namely, as per independent claim 1, the prior art (and in particular Holden) does not teach the multiple compressor chiller system control method combination as recited, and in particular comprising a variable speed drive having a plurality of inverters and adjusting an operation configuration of inverters to decrease the output capacity of the multiple compressor chiller system in response to a determination to decrease output capacity. As per independent claim 43,

Art Unit: 3744

the prior art (and in particular Holden) does not teach the multiple compressor chiller system capacity control method combination as recited, and in particular comprising the combined determining, disabling, and decreasing steps recited at the end of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc E. Norman whose telephone number is 571-272-4812. The examiner can normally be reached on Mon.-Fri., 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cheryl Tyler can be reached on 571-272-4834. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
